## ABOUT US

Airolam is a multi-brand laminate manufacturer founded in the year 2008 in India. It has over 10 brands that cover the entire range of the laminate and panel industry's product portfolio with several designs, sizes, finishes & applications. Airolam's skilled manpower, intelligent marketing strategies and innovative production practices have enabled us to grow into a powerhouse manufacturer known for its high quality products.

Airolam's state-of-the-art infrastructure, equipped with a complete range of ultra modern and latest machinery procured from Germany ensures a cutting edge quality with contemporary designs in the products. The company has an enviable annual production capacity of 1.5 million sheets. With ISO 9001:2000 certification and German technology, Airolam has the ability to deliver both quantity and quality with a zero-tolerance approach towards errors.

**ANTI  
FINGER  
PRINT** LAMINATE

Anti Finger  
Print Laminate

High Scratches  
Resistant

ENGINEERED WITH SPECIALIZED TECHNOLOGY,  
THE RANGE COMPRISE AFPL WITH  
SMOOTH SATIN FINISH.

IT'S ANTI BACTERIAL HYGIENIC AND  
RESISTANT TO SCRATCHES.

THE SURFACE HAS INGRAINED MOLESKIN LIKE  
TEXTURE THAT IS SMOOTH AND HIGHLY ROBUST.

Decorative range of laminates present a myriad range with multiple utilities. In such a scenario, it is important that bacterial growth is minimal at places such as kitchen tops, cabinets, table tops and areas that are in continuous touch with food and kids, where there is fear of wear and tear. Minimizing the destructive bacterial growth, it limits further spread of the harmful particles and serves as a worthwhile solution.

4993	VPL   FOUR SEASONS	30

Properties	Specified values as per IS:2046-1995, Type S, HGS	AIROLAM Conforms	Specified values as per IS:2046-1995, Type S, HGS	AIROLAM Conforms
Thickness	1.00mm(± 10%)	✓	1.50mm(± 10%)	✓
Resistance to surface were	350 (revolutions)	✓	350 (revolution)	✓
Resistance to immersion in boiling water	10.0(Maximum)	✓	7.5(Maximum)	✓
- Mass increase (%)	11.8(Maximum)		8.5(Maximum)	
- Thickness increase (%)	Not worse than 4		Not worse than 4	
- Appearance				
Resistance to dry heat 180 c	Not worse than 4	✓	Not worse than 4	✓
Dimensional stability at deviated temperature		✓		✓
- Longitudinal (%)	0.55 (Maximum)		0.44 (Maximum)	
- Transverse (%)	1.025 (Maximum)		0.86 (Maximum)	
Dimensional stability at 20 c		✓		✓
- Longitudinal (%)	0.375 (Maximum)		0.31 (Maximum)	
- Transverse (%)	0.60 (Maximum)		0.49 (Maximum)	
Resistance to impact by small diameter bal	20N (Minimum)	✓	20N (Minimum)	✓
Resistance to cracking	Not worse than 4	✓	Not worse than 4	✓
Resistance to scratching	2N (Minimum)	✓	2N (Minimum)	✓
Resistance to staining	Not worse than 5	✓	Not worse than 5	✓
Resistance to colour change(woolstandards)	Not worse than 6	✓	Not worse than 6	✓
- In xenon arc light	Not worse than 5		Not worse than 5	
- In enclosed carbon arc light				
Resistance to cigarette burns	Not worse than 3	✓	Not worse than 3	✓
Resistance to steam	Not worse than 4	✓	Not worse than 4	✓
Appearance	Should be free from foreign particles	✓	Should be free from foreign particles	✓

**Grades** General and fire retardant [FR]

**Types** Standard, post forming, compact, cabinet liners, backer

**Size** 2440 mm x 1220 mm [8' x 4']

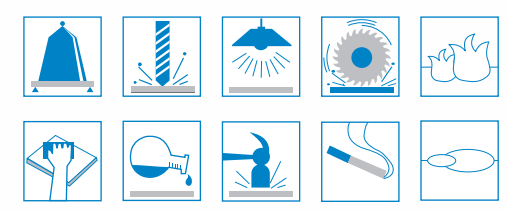

**Thicknesses** 1.00 mm [other thickness available on request]

**AIROLAM Highlight** Design paper from Japanese & European manufacturers. Manufactured using best quality kraft paper. 100 % Melamine resin and 100 % phenolic resin. Use of best chemical raw materials for better flexibility & durability. PP wrapping film for surface protection till completion of furnishing work for P.G.

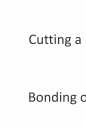

**Care & Maintenance** Cleaning should be carried out with a soft moist cloth and warm soap solution. Do not use detergents containing abrasive particle or excess soda.

**Disclaimer** Customers are advised to reconfirm selected laminate when placing orders as our liability does not include claims arising from sample chip pasting error. Samples presented are indicative of colour, pattern and surface finish but not of actual thicknesses. All metallic patterns series recommended for vertical application only. Information and samples for special cabinet liners, phenolic boards, special purposes compact laminates and post forming laminates are available on request.

**Limited Warranty** AIROLAM LIMITED warrants that its products are reasonably free from manufacturing defects. The products when properly used, will comply, with normal deviations, to related manufacturing specifications. This warranty shall be limited only to the original buyer for a period of care, improper use and/ or any alteration. It is recommended that the products must be inspected prior to installation and our liability will be limited to the extent of the cost of the products only. Airolam are used for various applications, without the possibility of control over the manufacturing of the finished products. The company does not assume obligations or liabilities arising from the furnishing, sale, installation or repair, use or subsequent sale of any product, to any person or entity.

Cutting a laminate sheet at an angle of 90 degree leads to development of cracks in corner after pasting. Therefore it is advisable to avoid cutting at an angle of 90 degrees.

Bonding of laminate under high humidity, Plywood with high moisture content, Ply with uneven surface, inferior quality adhesive and insufficient pressure may lead to delamination / air bubbles in between ply & laminate.
